

Party-Time Productions DJ's & Entertainers

■ People are talking about us:

"Dear Steve, WOW! What a night. I simply want to thank you for everything you did to make Julie's Mitzvah so much fun. The kids had a blast and the adults had a blast, too! Your music mix was perfect and gave everyone the opportunity to dance. You really know how to keep a party going! I look forward to many more simchas with Party-Time Productions. Many thanks." A.J.

"I have received many compliments from our guests on what a great DJ you are. They were so impressed with how you engaged the kids, got them dancing and kept them dancing all evening. Everyone had fun dancing to songs that were appropriate for the occasion. Your experience in planning the event was greatly appreciated. Thank you." K.H.

"Thanks for making our party such a big success. Every aspect of your role was executed beautifully! Your music and video selections were perfect, volume control was excellent (something others don't pay attention to), and you catered equally to both adults and children. It has been a pleasure working with you. Thanks for all the hard work and we look forward to planning our next mitzvah with you!" L.L.
